# Everyday Speech

VIDEO COMPANION WORKSHEET

## TOPIC RADAR

Using Topic Radar means thinking about others' interests. It helps us remember to keep others interested in a conversation by talking about lots of different topics. Think about what the other person likes or something you both have in common.

For each person below, write down three topics you think they would like to talk about.

A good friend

---

---

---

The person who sits next to you in school

---

---

---

A sibling or cousin

---

---

---

Your mom or dad

---

---

---

Your teacher

---

---

---
